---

Redacted - Privacy

I know that Dusty had indicated interest in going, so I'm cc'ing him here along with Harrison (my new team leader).

For scheduling next week, Janet, I'm in the office Monday, Tuesday, and Thursday - though Monday morning I have an MEW meeting with the PRPs. Other than that, anything else on my calendar can get moved.

-Bethany

Well- it looks as though we are meeting with ADEQ on May 18 to discuss RID issue. We will need to brief Keith on whatever we know about RID next week to prepare him for the meeting. I'm sorry this is such short notice. The meeting is on May 18 in Phoenix at 10:30 AM. Keith is trying to get clarification on who the meeting will be with- I'll keep you posted. You are all welcome to come, though it does mean traveling on Sunday night. I've attached Amanda's message to Keith and the powerpoint they gave ADEQ.

Dawn- we will spend the rest of May 18 on MSCA site issues and then May 19 will be the grants session. I will be staying for both meetings but you could fly home Monday if you would like to.

Janet- in Dawn's absence, can you please work with Christina to try and find a time on Keith, Dawn and my calendars for a briefing for Keith? We may need to have a call w/ ADEQ as well to get the latest information on this issue. THANKS SO MUCH EVERYONE>

[Keith,](#)

Here is the slide presentation that Roosevelt Irrigation District gave Julie during a meeting last month.
